

We Deliver Portable Power Solutions!

Why TYSONIC[®]?

- ❖ Over 17 Years of Experience in Battery Pack Assembly.
- ❖ Local and Overseas Assembly Facilities.
- ❖ Top Quality Cell Selection.
- ❖ Custom Design Assistance and OEM Services.
- ❖ Competitive Cost, Quality Customer Service
- ❖ On Time Delivery

Who We Are

Founded in 1991, TYSONIC® BATTERY offers a complete line of Primary (non-rechargeable) and Secondary (rechargeable) batteries and packs. With assembly facilities in the United States and overseas, we provide OEM services, including custom batteries from prototypes to large scale production. Our customer service includes engineering capabilities and access to stocks of over one million available high quality cells, guaranteeing our products and services will meet customer satisfaction.

What We Did

Over the past 10 years, we have built millions of battery packs at our local and overseas facilities. Those battery packs vary on chemistries, including:

- **Alkaline**
- **Nickel Cadmium (Ni-Cd)**
- **Nickel Metal Hydride (Ni-MH)**
- **Sealed Lead Acid SLA)**
- **Primary Lithium (Li/SOCI₂, Li/MnO₂)**
- **Rechargeable Lithium ion (Li-ion)**
- **Lithium Polymer**
- **Others**

Assurance of Quality Cells

Through joint-venture and partnership with the leading battery manufacturers, we pick the best quality cells available in the market. All cells are built by ISO9001 certified facilities, UL recognized and in compliance with the Battery Directives. Each cell is fully tested and sorted before assembly for safety, uniformity of performance and reliability of the battery packs we build.

Brand Name Battery Cells

SANYO

 **LG**
Life's Good

Panasonic®

TYSONIC® has built long term good relationships with the manufacturers and suppliers of the best battery cells in the world. We can provide the best quality cells from Sanyo, LG, Panasonic or other brand names to build the best battery packs for superior performance and maximum reliability at customers' requests.

Custom Batteries

In addition to assembling battery packs to custom design, we also provide assistance in design, development, prototyping and testing. Our services include Protection Circuit design and selection, battery casing, tooling and molding. We make our best efforts in every step to help our customers achieve their success.

Machines & Equipment

UNITEK spot Welding Machine

BRANSON Ultrasonic Welder

HAE DONG Auto cutting Machine

Drill Press

200 Channel Testing Station

ARTOS Eng.'s Cable Wire Cutting & Stripping Machine

Auto Voltage Regulator

LATTER Packaging Equipment

A close-up photograph of two hands shaking in a firm grip, symbolizing a business agreement or partnership. The hands are positioned in the center of the frame, with one hand slightly above the other. The background is a solid, deep blue color. The hands are wearing dark suit jackets and white dress shirts with visible cuffs.

Building Good Batteries IS Building Good Business Relationships

The team of TYSONIC[®] BATTERY is grateful that you have selected our company as your battery pack builder and supplier. We hope to establish a long term business relationship by providing the best products and services to you. For more product information, please visit our website:
