

***We Deliver Portable Power Solutions!***

# Why TYSONIC<sup>®</sup>?

- ❖ Over 17 Years of Experience in Battery Pack Assembly.
- ❖ Local and Overseas Assembly Facilities.
- ❖ Top Quality Cell Selection.
- ❖ Custom Design Assistance and OEM Services.
- ❖ Competitive Cost, Quality Customer Service
- ❖ On Time Delivery

## Who We Are

Founded in 1991, TYSONIC® BATTERY offers a complete line of Primary (non-rechargeable) and Secondary (rechargeable) batteries and packs. With assembly facilities in the United States and overseas, we provide OEM services, including custom batteries from prototypes to large scale production. Our customer service includes engineering capabilities and access to stocks of over one million available high quality cells, guaranteeing our products and services will meet customer satisfaction.

# What We Did

Over the past 10 years, we have built millions of battery packs at our local and overseas facilities. Those battery packs vary on chemistries, including:

- **Alkaline**
- **Nickel Cadmium (Ni-Cd)**
- **Nickel Metal Hydride (Ni-MH)**
- **Sealed Lead Acid SLA)**
- **Primary Lithium (Li/SOCl<sub>2</sub>, Li/MnO<sub>2</sub>)**
- **Rechargeable Lithium ion (Li-ion)**
- **Lithium Polymer**
- **Others**

# Assurance of Quality Cells

Through joint-venture and partnership with the leading battery manufacturers, we pick the best quality cells available in the market. All cells are built by ISO9001 certified facilities, UL recognized and in compliance with the Battery Directives. Each cell is fully tested and sorted before assembly for safety, uniformity of performance and reliability of the battery packs we build.

# Brand Name Battery Cells

The Sanyo logo consists of the word "SANYO" in a bold, red, sans-serif font. The letter "A" is stylized with three vertical lines to its left.The LG logo features a red circle containing a white stylized "L" and "G" intertwined.

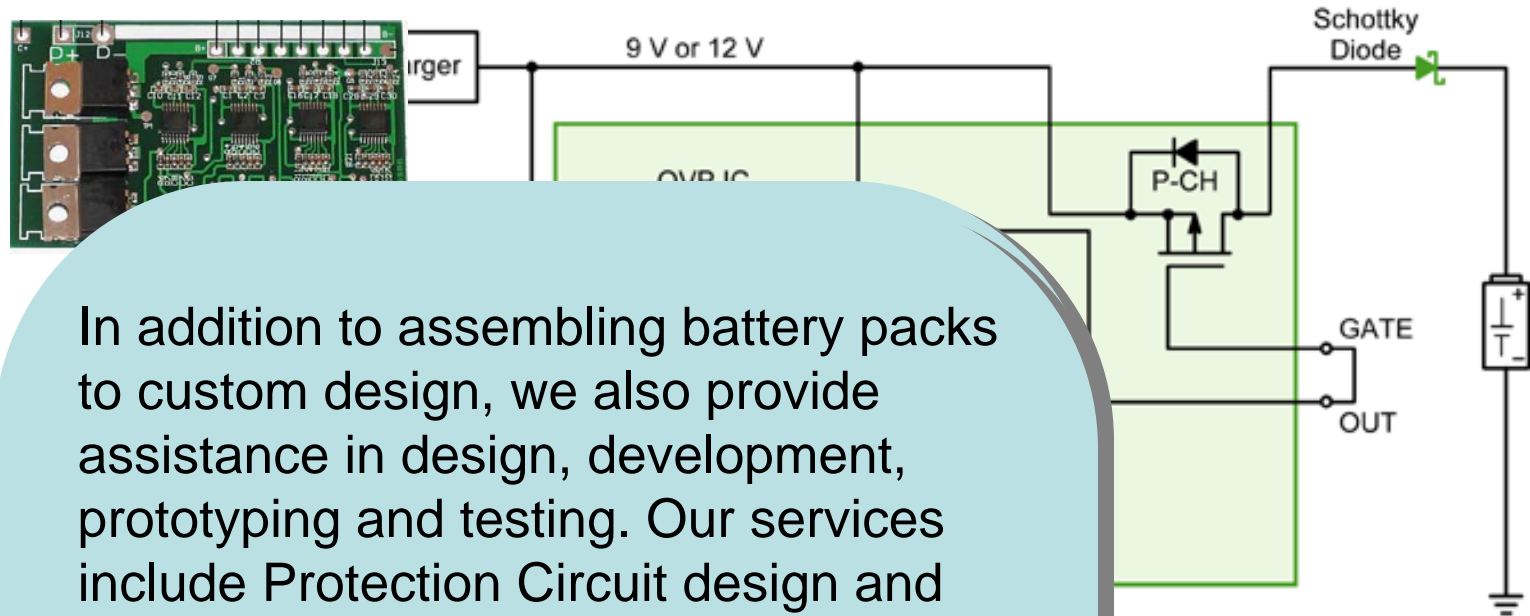

**LG**  
Life's Good

The Panasonic logo consists of the word "Panasonic" in a blue, sans-serif font, with a registered trademark symbol (®) at the end.

TYSONIC<sup>®</sup> has built long term good relationships with the manufacturers and suppliers of the best battery cells in the world. We can provide the best quality cells from Sanyo, LG, Panasonic or other brand names to build the best battery packs for superior performance and maximum reliability at customers' requests.

# Custom Batteries

In addition to assembling battery packs to custom design, we also provide assistance in design, development, prototyping and testing. Our services include Protection Circuit design and selection, battery casing, tooling and molding. We make our best efforts in every step to help our customers achieve their success.

# Machines & Equipment

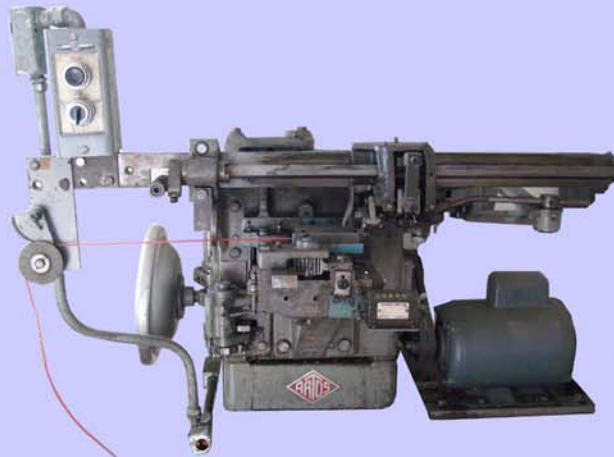

**UNITEK spot Welding Machine**

**BRANSON Ultrasonic Welder**

**HAE DONG Auto cutting Machine**

**Drill Press**

**200 Channel Testing Station**

**ARTOS Eng.'s Cable Wire Cutting & Stripping Machine**

**Auto Voltage Regulator**

**LATTER Packaging Equipment**

A close-up photograph of two people in business attire shaking hands. The hands are clasped in a firm grip, symbolizing a business agreement or partnership. The background is a solid blue color.

# **Building Good Batteries IS Building Good Business Relationships**

The team of TYSONIC<sup>®</sup> BATTERY is grateful that you have selected our company as your battery pack builder and supplier. We hope to establish a long term business relationship by providing the best products and services to you. For more product information, please visit our website:
